Monday

Tuesday

The screenshot displays the GitHub Desktop application interface. The top bar shows the application name and various menu options. The left sidebar contains navigation links: 'Changes', 'History', 'Repository', 'Branch', 'Window', and 'Help'. The main workspace is divided into three panes. The top pane shows the commit history for the 'action-button.css' file, listing commits by author, date, and file changes. The middle pane shows the content of the selected file, 'action-button.css', with line numbers. The bottom pane shows the changes made in the selected commit, with a list of files and their respective changes. The 'action-button.css' file is highlighted, showing its content and the changes made in each commit.
